About the College:

Govt. Shrimant Madhav Rao Scindia P.G. College Shivpuri (M.P.) is one of the renowned institutions of higher education in MP. The department of higher education has recognized it as the lead college of the district. It caters to the needs of the thousands of students of the city and adjoining rural pockets. The institution has got a glorious past of vibrant academic activities for more than six decades and also has potential that reflects promising future. The aim of the college is to make students socially responsible, morally strong, and physically sound, aesthetically refined intellectually active citizens of the nation. There is a wide range of U.G./P.G./Law/Professional programmes and some distance learning programmes which are under affiliation of IGNOU.

About the Webinar:

At present, the need of skilled and developed human capital is not only felt in India, but also in the world for social, cultural, economic, political, literary and intellectual development. The question arises here how to modify our human capital according to the need of present modern society? The answer of this question is that various types of awareness programmes and training sessions are to be organized by educational institutions for personality development of youths. We know that personality development refers to the process of developing, enhancing, and changing one's personality over time. Such development occurs naturally over the course of life, but some changes can be done through intentional effort. In this way, the college is organizing a one day national webinar on “Different Dimensions of Personality Development: Challenges and Prospects” sponsored by Department of Higher Education, Madhya Pradesh Bhopal.

The main aim of this webinar is to focus on all types of life skills like communication skill, stress management, and leadership traits etc in order to individual's life.
